She floats gracefully, welcoming guests to a cruise during their stay. Visitors will enjoy access to secluded beaches and Langkawi’s 99 island archipelago – a tranquil sanctuary with a legendary heritage. The Serenity Hotel has 25 classical European furnished staterooms with cherry wood interiors and elm burr paneling, embellished with decorative marquetry and intricate inlays. Each cabin is en suite with modern in-room amenities and feature porthole windows for an excellent view of the surrounding.

Overlooking the archipelago, the Promenade Deck is set against the limitless view of the Andaman Sea, harmonious rainforests and beautiful beaches providing exotic dining in elegant and stylish ambiance. Stretch out to the ataractic sunrise for healthy and sumptuous breakfast or take in the tranquility of the captivating sound of the lapping sea whilst dining under the stars.

On the Main Deck, the Bar is a unique setting in which to savour a house cocktail while watching the overwhelming beauty of the deep orange hues turning slowly into night across from the Palaver Deck. Open throughout the day until late. Also join the throng of well-heeled travellers from around the world for sundowner cocktails, or indulge in pre-dinner Champagne and cocktails.
